We're currently looking to further develop our product and company by recruiting a:

Senior Angular Frontend Developer (m/f)

As a senior frontend developer your main responsibility will be to design and implement new features for the Angular frontend of our information management system. You will also use your experience to help junior colleagues grow and improve.

The Profile:

- University degree in computer science
- Proficiency in Angular, TypeScript, RxJS, CSS and Visual Studio Code
- Experience in developing cross-browser frontends
- A good feeling for user-friendly and visually appealing designs
- Team player, proactive mindset and results orientated
- Willing to lead and provide guidance to other team members
- EU work permission required

The Job:

- Take responsibility for the function and design of key software components
- Create new features for our Angular web frontend in a small and motivated team
- Work on a proven software suite sold and used around the globe
- Develop software in an agile environment (Kanban)

If these tasks sound like something you would enjoy, we want to hear from you!

The Rewards:

- A dynamic and multifaceted job in an international, rapidly growing company
- The minimum annual gross salary for this position is €52.000 (38.5 hours/week) but will be adjusted based on qualifications and experience.
- We offer flexible working models to suit your preferences. You can work from home, from our office in Mödling, or a mix of both.

We look forward to receiving your application! To apply, please go to www.therefore.net/apply.
